Sustainable workwear
Focused on the future

At VWBK, we're working towards a circular society. Workwear should be not only safe, professional and comfortable, but also sustainable. Together with our partners, we look for smart, sustainable (circular) solutions to reduce our environmental impact even further. Collaboration is what makes us strong! That's why we actively work with suppliers who also place sustainability high on the agenda. They focus in particular on extending the lifespan of garments, so they can be used to the full. They also develop innovative solutions that minimise the environmental impact of clothing production.

Our range includes sustainable workwear and safety footwear from various brands. They use recycled and organic materials.

Tricorp, for example, has the RE2050 range, made from items produced using almost 100% recycled materials. Fristads has introduced a new standard for measuring the overall environmental impact of a garment, and is among the first to apply it to an entire clothing collection. To develop this new standard, Fristads Green was launched.

A selection from our range of sustainable workwear and footwear:

Snickers WORKWEAR · TRICORP WORKWEAR · FRISTADS · MASCOT® WORKWEAR · SANTINO · EMMA

Recycle with us!

Hand in your old workwear & PPE at VWBK!

Recycle with us
Your old workwear and PPE contain valuable raw materials for new clothing. So don't just throw them away!

At our branches in Mijdrecht and Breda, you'll find a container where you can drop off old workwear, footwear and PPE. We'll then make sure it's carefully recycled into new products or used as secondary fuel.

Physical shops in Mijdrecht and Breda

We go a step further than simply supplying products. However easy online ordering may be, we understand you want to know how clothing fits, how the fabric feels, and which size you need. It's also important that the clothing has the right look and matches your business.

That's why you're also welcome in our shops in Mijdrecht and Breda. Our VWBK specialists will be happy to give you personal advice. In-store you'll find a wide range of work trousers, work shirts, long-sleeve tops, polo sweatshirts and jackets. We also supply flame-retardant clothing, hi-vis wear, waders, rainwear and all-weather workwear, plus everything you need in personal protective equipment.

Various brands

Our range of workwear & PPE is chosen for performance and quality. We supply workwear in sizes XS to 8XL, so everyone — whatever their build — can be kitted out with comfortable, well-fitting workwear.

Snickers WORKWEAR · TRICORP WORKWEAR · 3M · Steel Blue · Solid Gear · GI
FRISTADS · OXXA THE COMFORT OF SAFETY · Hellberg · sixton peak · EMMA · PORTWEST
BLÅKLÄDER WORKWEAR · SANTINO CASUAL WORKWEAR · HYDROWEAR PROTECTIVE CLOTHING · MASCOT® WORKWEAR · RED BRICK · Quick

The right solution for every workwear challenge.

We offer head protection Head protection is mandatory on all construction sites. Our range includes a complete selection of industrial safety helmets and bump caps. We can also add your company logo.

We offer fall protection
Our extensive range of fall-protection products includes safety harnesses, self-retracting lifelines, safety lanyards, hooks and anchor points, among other items. They're suitable for a wide range of jobs in construction, installation and landscaping.

Fall protection is required for work at heights of 2.5 metres or more. If conditions increase the risk, fall protection is required even for work below 2.5 metres.

We supply leg and foot protection
VWBK offers work shoes in all types - types and sizes. Our range includes footwear from Steel Blue, Quick, Solid Gear, Redbrick, EMMA and Grisport. These work shoes are tough, hard-wearing and on-trend, and offer all the functionality and safety - requirements. As well as safety shoes, we also stock clogs, boots, knee protection and accessories.

We offer custom hearing protection made to measure Noise levels can get very high during your work. Without hearing protection, this can lead to permanent hearing damage. Prevent this by using ear defenders or earplugs—both are part of our range. We can also arrange custom-moulded earplugs (made-to-measure hearing protection) for you. Measurements can be taken at your site or in our shop.

We offer prescription safety glasses
Naturally, you want your eyes to be properly protected while you work—against dust particles, liquids, gases and/or infrared radiation. Alongside standard safety glasses, we also supply top-quality prescription safety glasses from Bollé Safety.

We offer work glove subscriptions

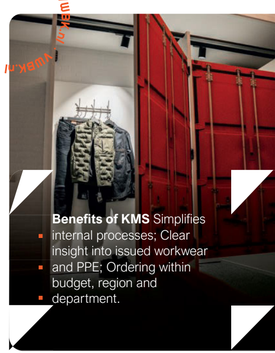

We know work gloves are essential for getting the job done — and that they need replacing regularly. With our work-glove subscription, you'll never be caught short and will always have a good pair to hand! We offer a wide range of work gloves: from cut-resistant gloves to welding and thermal gloves, plus gloves that protect against oil and/or chemical substances, for example in the automotive industry.

Clothing Management System (KMS) Order your workwear, PPE or other personal equipment quickly and easily online with KMS.

Personalised page We can set up an online portal for you within our Clothing Management System (KMS), where each employee can order their own clothing. By arranging a fitting session before the portal goes live, we can record the correct size for each person and each item. This gives everyone a personal profile with a clear overview of their clothing packs and sizes.

Prefer to manage orders centrally? That's possible too: one person or department can place orders for others using authorisations. As an employer, you always keep the overview—from order status right through to budget spent.

Want to know more about KMS? Scan the QR code and watch the video

Benefits of KMS Simplifies
- internal processes; Clear insight into issued workwear and PPE; Ordering within budget, region and department.

On-site fitting session

Want to try things on wherever and whenever it suits you? We'll happily come to you for an on-site fitting session. Based on your requirements, we'll put together a selection of workwear or corporate clothing. You can then try everything in a range of sizes. That way, you'll always have clothing that fits well and looks the part.

Printing & Embroidery

Your company logo or other print on your workwear and PPE? We'll take care of it. Together, we'll create a great-looking design. We'll deliver the clothing to you, complete with the print.
