

 RECYCLING  

# Pipe Recycling Scheme

### For the recycling container

○ Plastic pipes and fittings, guttering and fittings made of PVC, PE and PP

○ All products for recycling must be **clean**. Please clean materials with a high-pressure hose.

○ Pipes and fittings must be free of chemical contamination.

### These items are not accepted for the recycling container

○ Pipes and fittings may **not** be broken, ground or pressed into the container!

○ Items must be free of sand, clay and mud!

○ Under no circumstances:  
*polyester products, film, hoses, including garden hoses, pipes with sprinkler systems, sand, mud, faeces, electrofusion couplings, etc.*
